## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the stream system of which this source is a tributary, and is allowed for the full acreage described by subdivision, namely 217.61 acres, notwithstanding the fact that a portion of such land is listed under proof of appropriation No. 00217. The acreage entitled to a vested right, if determined at the time the proof of beneficial use is filed, will be deducted from the certificate under this permit when issued. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.1761 cubic feet per second.

Actual construction work shall begin on or before July 7, 1916.

Proof of commencement of work shall be filed before August 7, 1916.

Work must be prosecuted with reasonable diligence and be completed on or before November 7, 1916.

Application of water to beneficial use shall be made on or before March 7, 1921.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before April 7, 1921.

WITNESS MY HAND AND SEAL this 7th day of April, 1916.
